

Doomsday

Elvis Perkins in Dearland

Though I forget your name
I remember your sweet face
'Til Doomsday, fiddle-ayeMan, I went wild last night
Oh I went feelin' alright
I don't let Doomsday bother me
Do you let it bother you?I know you told me once and again
Does it mean that we won't be friends?
When Doomsday rears her ugly head againAnd though you voted for that awful man
I would never refuse your hand
On Doomsday, on DoomsdayNow in all my wildest dreams, it never once was seen
That Doomsday would fall anywhere near a TuesdayBut flight across the sky, see it fade before my eyes
There isn't any sense to a good blind bye
For I don't plan to die
Nor should you plan to dieNa na na na na
Na na na na na na na na na
Na na na na na na
Na na na na naNa na na na na
Na na na na na na na na na
Na na na na na na
Na na na na naNa na na na na
Na na na na na na na na na
Na na na na na na
Na na na na na na
