Bomfunk MC's

Get down get get get down
'cause' the bomb and the funk is about to get down
Get down get get get down
Get down
The bomb and the funk is about to get down
Get down get get get down
'cause' the bomb and the funk is about to get downUp from the roof - 100% proved
B.O.Dubb - giving it nuff
Push and a shove - burning hot
You're brain starts to rattle and you're nerves get shocked
You get scared but it's just the take off
It's all funky like the odor in you're underarm
Loosen up 'cause' we're about to make your head nod
And all you freaks grab a hold of your nuts
Here we come the one's on the run
Came back for more 'cause' we just ain't done
It's the funk addictive like skunk
Gotta have some and put the rest to the trunk
We deliver the brand new formula
It won't be long till' everybody wants a
Piece of this you ask what it is
It's the way of the flow that throws away you missoriesYep yep with yep and a yep yep
You don't stop 'cause' we come with a kingstep
So make a room, make a room, make a room now
'cause' the bomb and the funk is about to get downGet down get get get down

'cause' the bomb and the funk is about to get downStraight ahead - levels onna red
You want action well that's what you get
It's a effect of direct approach that you cope even if ya ruffneck
The ingredients - hard funk dividends
Make you move even if you don't wanna dance
We bring the heat and cut you up open
There'll be no pretending I'll leave the mic smoking
Operation bigger than the bang-
The freestyler nigga with an other dope jam
You go damn - taught we couldn't hang.
Now here's how it goes I make you understand
These lyrics combined with spirit
Spread all around all the major cities

You can't avoid the new sound boy
It's right here like the real mc coyYep yep with yep and a yep yep
You don't stop 'cause' we come with a kingstep
So make a room, make a room, make a room now

Our boogie is the bomb sure to stimulate
But be cautious take small doses
We don't want you to hyperventilate
The speakers kick the riddim and the riff

You feel the shakes - transform aches
