

Free (Dj Smastoras Remix 2009) - Sarah Brightman

Sarah Brightman

And do you still touch her like you do
Kissed all over in the way I kissed with you
Or when you sleep with her do you sometimes think of me
Not if you love her the way that I see
I had to be free
Had to be free
It's all that I wanted I wanted to see
Wanted to be
Alone if I needed I had to be free
Had to be free
From feelings that haunted I wanted to see
Wanted to be
Free And then in the evening light when the birds are free to fall
I watch the two of you in the shadows on the wall
How in the darkness stills some of the choices from my hand
Will I began to understand I had to be free
Had to be free
It's all that I wanted I wanted to see
Wanted to be
Alone if I needed I had to be free
Had to be free
From feelings that haunted I wanted to see
Wanted to be
Free I had to be free
Had to be free
It's all that I wanted I wanted to see
Wanted to be
Alone if I needed I had to be free
Had to be free
From feelings that haunted I wanted to see
Wanted to be
Free
