The Fear

-Trust Company

Standing here, I'm cold inside with fear
And I can't feel my soul
Take me in I'm yours again
For awhile just like the last timeLead me from the fear
And I won't leave you here
There's a way out, there's a way out
There's a way from here believeAnd lead me from the fear
And I won't leave you here
There's a way out, there's a way out
There's a way from here believeI feel weak and I'm slowly losing touch
With what is left in me
Take me in, I'm yours again
For awhile just like the first timeLead me from the fear
And I won't leave you here
There's a way out, there's a way out
There's a way from here believeAnd lead me from the fear
And I won't leave you here
There's a way out, there's a way out
There's a way from here believeAnd I need you to keep me here
I'm starting over again
And I need you to keep me here
I'm starting over againLead me from the fear
And I won't leave you here
There's a way out, there's a way out
There's a way from here believeAnd lead me from the fear
And I won't leave you here
There's a way out, there's a way out
There's a way from here believeThere's a way out, there's a way out
There's a way from here believe
There's a way out, there's a way out
There's a way from here believe
