Hello

Auburn

[Verse 1 (Fly Henderson)]
Look girl
It ain't a million in my pocket
Don't brag about talent but my dreams say I got it
The world call me fly I'm taking off like a rocket
And you can come aboard if you like the same topics
But... uh Hello
I'm just tryna get your name
I'm liking what I'm seeing and I hope you feel the same
Never been the type to chase cause no girls worth the race
So if you came here with your man I would gladly walk away
But uh the smile on your face is telling me thats fiction
I'm not asking for a date but id really like to kick it
Its something bout your smile thats telling me that your
Different
And if you don't got time just give me your 7 digits
Call you later on
On your cell phone
Heard I was a rapper got me on your ringtone
I might call you tomorrow or maybe even today
Whenever I hit your line I just wanna hear you say..

[Chorus (Fly and Auburn)]
Hello how you doing I'm tryna get your name
Hello my name is Gabby and can I get the same
Hello my names Fly I'm a very nice guy I just had to say hi when I seen you walk by, so

Hello
Hello
Hello

[Verse 2 (Bishop)]
You feelin' better than ever because you sleeping in 4 seasons
When hit the mall buy it all for no reason
Shop until we fall girl don't worry bout the cost

If you want it you can get it we shop with a black card
Be my girl you'll get everything that you ask for
Trips around the world and we'll get you a passport
By looking in they eyes you see why they mad for
Cause they push a rav4 why we cruisin' a fast porsche
Could you imagine burnin' the streets of aspen
Sweets on a jet ill show you some fly fashion
No need for the stress with me you only relaxin' your
Your feet up in the sand on the beach and tan lasting
(ha-ha)
I bet you wonder why I'm laughing
If you pass this offer up I promise you'll be asking
Me for a chance including me in ya plans
You look good but'll better with me on ya hand so

[Chorus (Bishop and Auburn)]
Hello how you doing I'm tryna get your name
Hello my name is Gabby and can I get the same
Hello the names Bishop I'm tryna get with ya
Your frame looks perfect wouldn't mind it in my picture
So,

Hello
Hello

[Verse 3 (Auburn)]
Now I, gotta admit, I wasn't ready for it
I never listen to guys the corny lines that they spit like
What's ya name, what's ya sign, girl you bad, shawty fine
You must be a dollar bill cause you far from a dime
See I just don't get it, other chicks they be wit it
Gotta a lot things on they mind that they switch up like a fitted
I really planned on judging you off ya style
No trial but evidently evidence got all ya charges acquitted
2 guys one day, or
Should I play it safer
Ones so real and the others flashin' paper
Don't know why but its something bout their vibes
And I ain't gone lie yeah I'm feelin' kinda player
Walkin' out cold stone

Baby he was stone cold
Saw him looking at me staring harder than mofo
Didn't really know 'tho if was type
But he came and stepped to me said real polite

[Chorus (Fly, Bishop, and Auburn)]
Hello how you doing I'm tryna get your name
Hello my name is Gabby and can I get the same
Hello the names Bishop I'm tryna get with ya
Your frame looks perfect wouldn't mind it in my picture

Hello
Hello
Hello
Hello
Hello
Hello
Hellooo [2x]
