Injustice System!

Sick of It All

Injustice systemFreedom, a right I thought we had
One that no one could take away
But there are those who will try
To rule the lives that you and I choose to leadWe must fight injustice system
Have no rights, injustice system
We must fight injustice system
Have no rights, injustice systemThere are those who change the laws
For gain and furthering their needs
A small group possesses the power
A minority dictating what's good for the majorityMoney has the real influence
Without it what we say don't make a difference
I won't tell you to give in
But to me there's got to be a better wayTo fight for our rights
And to have our say
To choose for ourselves
And not be led around blindly on a short leashWe must fight injustice system
Have no rights, injustice system
We must fight injustice system
Have no rights, injustice systemFreedom, a right I'll always have
One that no one can take away
No matter what it is they try
Because the flame of freedom
