

# Don't Stop It Now

Lewis Baloue

Your lips are warmer than a fire  
Just one burning kiss fills me with desire  
And it would drive me mad if you should stop it now  
'Cause I never ever had a girl like this before.  
Keep on giving it to me  
Crazy 'bout you baby (mad about you darling)  
Keep on giving it to me  
'Cause I'm mad about you darling  
Don't stop it now.

Give me give me all you can  
'Cause I need you now much more than I ever had  
And I want more and more if I can get it  
Baby your sweet sweet kind of love I've got to have it.  
Keep on giving it to me . . .  
Darling-mad about you darling don't stop it now.  
This night must last forever and if you leave me now.  
You'll only break my heart don't stop it now.
