

# Where Are The Prophets?

## Peterside Ottong

Eh oh,Eh oh where are the prophet(2~—)

CHORUS=where are the prophet,we remember the prophet,where are the prophet eh oh eh oh(2~—)

Where are the prophet(4~—)

How come(3~—)

More than two thousands years

How come(3~—)

More than two thousands years

After that costly bloodshed,they are still killing the people,causing jah children to  
cry eh, oh

CHORUS repeats=.....

Off cause a war,show me the prophet whose garments was not soaked in blood,remember even John giwa  
Marcus's garden,

How come, how come, more than two thousands years, the brightest and best of the sons of men are still  
shedding blood

Causing jah children to cry, Eh oh

In the same vein I came with one little song

They said I was stepping on their toes

to the curse Why I am such to prevent harm,like their father to the prophet of old'they don,t know "wayo"

CHORUS till fade .....

How com, how come they are still using and refusing this people

And each time the prophet gets angry and not pleased now,the wicked get ungiven blood

Causing jah children to cry Eh oh

Too much blood,too much blood,too much innocent blood

Here's are the works of their hands

Look what they have done to the prophet(3~—)

Here's are the works of their hands

Give us another prophet,to lead us across the mighty force

Give us another Elijah to live with the ancient of days, ye oh,.....ye eh.....

Here's are the works of their hands

Give us another prophet

Here's are the works of their hands

Give us another elijah to live with the ancient of days

Give us another moses to lead across the mighty force.yeh oh,.....ye eh.....

Here's are the works of their hands

Give us another prophet,here's are the works of their hands

Give us another elijah to live with ancient of days,they don,t know"wayo"

Ye eh.....
