Runabout (DJ Craze's Carribean Reffix)

Little Dragon

Rushing out the door at midnight
I found myself breathing fire
There is just one way to cure my heart from you
Cause I cant let go
Im still loving you soGo run about the streets like its a race
Go run About
Run About
With the perfect plan you play with what you can and run
AboutYou think you've got it all set up now
This fever caught me in a rush
There's just one way to cure my heart from you
'Cause I can let go
I'm still loving you so
Go run about the streets like its a race
Go run about
Run about
With a perfect plan you play with what you can
