Bye and Bye I'm goin' to See the King

[Blind Willie Johnson](#)

I said bye and bye I'm going to see the King

Bye and bye I am going to see the King

And I don't mind dying, I'm a child of GodI said bye and bye I'm going to see the King

Bye and bye I am going to see the King

And I don't mind dying, I'm a child of GodYou know after death,

you have got to go by yourself

And I don't mind dying, I'm a child of GodI said bye and bye I'm going to see the King

Bye and bye I am going to see the King

And I don't mind dying, I'm a child of GodBye and bye I will hear the angel sing

Bye and bye I will hear the angel sing

And I don't mind dying, I'm a child of GodYou know after death,

you have got to stand your test

And I don't mind dying, I'm a child of GodI said bye and bye I'm going to see the King

Bye and bye I am going to see the King

And I don't mind dying, I'm a child of God
