

8 x 10

Fefe Dobson

Yea oh, yea oh, ooh Don't only wanna dream about you, yeah
'Cause a dream like this should never be this hard
If I should live this life without you, yeah
I'd come back and try it from the start And I'll show you love 'cause we're all alone
Put business aside for life passes by
And I'll part your hair when it's in your eyes, love
Little red houses down under in my mind
Got an 8x10 for ya to sign Never had the need to know ya, yeah
Till I heard you sing to me at night
Now all I wanna do is show ya, yeah
How to turn the darkness into light And I'll show you love 'cause we're all alone
Put business aside for life passes by
And I'll part your hair when it's in your eyes, love
Dirty stained jeans with the patches on the side
Got an 8x10 for ya to sign And I'm comin' around, yeah
And I'm comin' around
And I'm comin' around, yeah
Oh yea, baby, I want you
And I want you more but I need you more
'Cause I'm comin' around yea yea yea yea
And I'm comin' around yea yea yea yea And I'll show you love 'cause we're all alone
Put business aside for life passes by
And I'll part your hair when it's in your eyes, love
Little red houses down under in my mind
Got an 8x10 for ya to sign
