Caged

Marc Almond

No no, no no no no
You're never never never going to let me goYou say I'm your possession
You say I'm your toy
You're gonna teach me a lesson
That I won't enjoy
I need to break free
You suffocate me
I'm in pain
I want to break out
I've got to escape these chainsYou want all my love
So I've got none to spare
You drain all my resources
And you leave my heart bareI'm eternally yours
I'm forever engaged
I'm caged
In a prison of love
I'm a tiger enraged
I'm cagedLet me outNo no, no no no no
You're never never never gonna let me goYou smother my will
To make me behave
I'm drugged on your love
To make me your slave
You love with a passion
But I'm swallowed by your desire
Your love is so hot
But I don't want to burn in the fireYou've got me tied in a tender rage
Like a captive dancer in a gilded cage
You feed me love on a silver spoon
With a leather glove by the light of the moon
For your pleasure
For your show
You're never never never gonna let me go
No no, no no no no
You're never never never gonna let me goYou think that I'll stray
So you'll never trust me
You tempt me each day
But I'll never be freeI'm eternally yours
I'm forever engaged
I'm caged

In a prison of love
I'm a tiger enraged
I'm cagedLet me out, I'm caged
