

# Shinbone

**Brett Fuentes**

I gotta get gone  
Fill my heart with ease  
There's something long gone  
Lost purity Well I'm tripping on my feeble way to the light  
Now it seems I'm running Swear it will never stop Seems we get stuck  
Lines for everything  
Building an agita  
Shinbone pain Swear it'll never stop I need a remedy  
Affliction's got a hold on me  
This fiendish disease  
I hope it's gonna break I gotta get gone  
Fill my heart with ease  
Building an agita  
Shinbone pain Swear it'll never stop I need a remedy  
Affliction's gotta hold on me  
This fiendish disease  
I hope it's gonna break
