

That's All Right

[Mose Allison](#)

You told me baby, once upon a time

You said if I would be yours, you would sure be mine

That's alright

I know you don't love me no more baby, but that's alright

Every night and day I wonder who is loving you tonight You told me baby, your love for me was strong

When I woke up little girl, half of this big world was gone

That's alright

I guess I'll never be the same but that's alright

Every night and day I wonder who is loving you tonight (Play the blues for me Freddie King!) Please tell me

baby, what's getting wrong with you?

You don't treat me halfway right baby, look a like you used to do

But that's alright

I guess I'll never be the same but that's alright

Every night and day I wonder who is loving you tonight
