Tell Me That You Wait

Culture Beat

Tell me that you'll wait
Tell me that you'll wait for me
I gotta come back some day so tell me that you'll wait for me
I'm leaving on a jetplane
So tell me that you'll wait for meOnce again we're facing a tough situation
No need to be bassing cause time we'll be wasting
We've been through this type of thing before
When I stepped to the ride and you stood crying in the door
I really hate moments that turn out like these
I'd sail the seven seas if I thought that I would ease
The discomfort we feel when we must part
There's not a man alive that wouldn't feel it in his heart
Living out a suitcase always on the move
I really appreciate the fact that you've always waited
And been ready and willing
Supporting what I'm doing and how I'm feeling
Travelling all over may keep the bills paid
But I couldn't stand myself if our love was to fade
Over and over I dwell on this issue
Cause when I'm away I can't help but miss youTell me that you'll wait
Tell me that you'll wait for me
I gotta come back some day so tell me that you'll wait for me
I'm leaving on a jetplane
So tell me that you'll wait for me
Tell me that you'll wait
Tell me that you'll wait for me
I gotta come back some day so tell me that you'll wait for me
I'm leaving on a jetplane
So tell me that you'll wait for meHold your tears you know I hate to see you cry
I get so choked up each time we say goodbye
My heart gets inflamed from allthe pain
My head gets light and I don'tfeel the same
I try to stay cool and be strong for you
So you don't see all the hurt that I'm feeling too
I know you always tell me to just let go
But when the time arrives I find it hard to show
