## Talk To Me

## **Tricky**

Someone talk to me now Energy won't move me Oceans, oceans won't soothe me Cry me a bayou Slime, sleaze pass through You love it when I'm leaving You love it when I'm leaving Someone talk to me now Energy won't move me Oceans won't soothe me You love it when I'm leaving You love it when I'm leaving Angels with dirty faces Disappear without traces Them bones Angels with dirty faces Disappear without traces

Love it when I'm leaving you You love it when I'm leaving Someone talk to you now I love it when you leaving I love it when you leaving Cry me a bayou Someone talk to you now Energy won't move me Oceans, oceans won't soothe me Love it when I'm leaving Love it when I'm leaving Cry me a bayou Slime, sleaze pass through Angels with dirty faces Disappear without traces Cry me a bayou When I'm leaving
