

Pale Horses (Original Mix)

Moby

Put me on the train
Send me back my home
Couldn't leave without you
When I tried to roam Put me by the windows
Let me see outside
Look at all the places
Where all my family died
Where all my family died
Where all my family died
Where all my family died
Leave me by the churchyard
Leave me on my own
Some will come and take me
Back to my old home Put me by the windows
Let me see outside
Look at all the places
Where all my family died
Where all my family died
Where all my family died
Where all my family died
Put me on the train (.ain)
Send me back to my home
Put me on the train (.ain)
Send me back to my home
Put me on the train (.ain)
Send me back to my home
Put me on the train (.ain)
Send me back to my home
Put me on the train (.ain)
Send me back to my home
Put me on the train (.ain)
Send me back to my home
