## Auscultate

Honey, don't you know I love you?  
'Cause I give you all I can, I do  
Everything I've tried to help you  
Love me tooGive a little of what you take from me, honey  
That's all you have to do  
Won't you come on over here and love me?  
Love me doLove, love, love me  
Love me do
