European

Norton

EUROPEAN

In this
European Mid Coast
Far gone
From the main hall to upstairs

Between the lines
Below the waistline
Fits in your frame
Sometimes we make it
Between the lines
Sometimes

After a while
Away in distance
Never the same
The same conviction
Below the waistline

In this
European Mid Coast
Far gone
From the main hall to upstairs

I always knew youâ€™d be around
I always knew at the end
Weâ€™ll be pointing to the front
Your time is now
So show them what you want
So show them what you need
And donâ€™t let go

In this
European Mid Coast
Far gone
From the main hall to upstairs

I follow you
You follow me

Follow me with no trace

I follow you
To the European Mid Coast
You follow me
From the main hall to upstairs
