

Drop Dead Legs'

Van Halen

Drop dead legs, pretty smile,
Hurts my head, gets me wild
Dig that steam, giant butt,
Makes me scream, I get nuh-nuh-nothing but the shakes over you
And nothing else could ever do You know that you want it, uh
I know what it is
You know that you want it, baby
When the night is through, will I still be loving you? Dig those moves, vampire
Set me loose, get it higher
Throw my rope, loop-de-loop
Nice white teeth, Betty Boop
Set it cool real heavy
I ain't fooled, gettin' ready Uh oh baby, you know that you want it
I know what it is
You know that you want it, baby
When the night is through, will I still be loving you?
