Drive My Soul

Lights

Seems somebody put out the moon
Now the road is a minefield
I can?t follow the way she moves
I can?t see past the shadows
You make the darkness disappear
I feel found when you stay near
I know where I am when you are here
My way becomes so clear
When you're gone
Will I lose control?
You're the only road I know
You show me where to go
Who will drive my soul?
Seems somebody burned out the signs
I can?t expect the hard curves
There's no borders, there are no lines
How can I know where to turn?
You make the streetlights reappear
I feel bright when you stand near
I know what I am when you are here
My place becomes so clear
When you're gone
Will I lose control?
You?re the only road I know
You show me where to go
Who will drive my soul?
Will I lose control?
You?re the only road that I know
You show me where to go
Who will drive my soul?
Drive my soul
When you?re gone
Will I lose control?
You?re the only road I know
You show me where to go
When you?re gone
Will I lose control?
You?re the only road I know
You show me where to go

Who will drive my soul?
