

# You Don't Have A Clue

[RoÌ^yksopp](#)

It's late in the night, dancing is done  
The music has died, you're ready to runBut you don't have a clue  
This party hasn't ended yet not for me and you  
Now you're just pretendingYou're hiding from yourself  
Yes you are, yes you are  
Like golden rays of sun in the cloudWe're meant to be one, I know we are  
If I am the sky then you are my starHey, you don't have a clue  
This party never ended not for me and you  
I know you're just pretendingYou're hiding from yourself  
Yes you are, yes you are  
Like golden rays of sun in the cloudI will make you see  
Haven't you got, haven't you got it yet?  
Just lay down for a while next to meDidn't mean to make you panic  
I didn't mean to put you off  
Baby it's the way that you've got meI listen to my heart and it takes you high  
And you ask me how, can I show you how?  
I need your love right now, now, now
