

Every Part Of Me

Hannah Montana

Oh I feel like I'm
A million miles away
From myself
More and more these days
I've been down
So many open roads
But they never lead me home
And now i just don't know
Who i really am
How it's gonna be
Is there something that I can't see
I wanna understand Maybe I will never be
Who I was before
Maybe I don't know her anymore
Maybe who I am today
Ain't so far from yesterday
Can I find a way to be
Every part of me So I'll try
Try to sort things out
And find myself
Get my feet back on the ground
It'll take time
But I know I'll be alright
'Cause nothing much has changed
On the inside
It's hard to figure out
How it's gonna be
'Cause I don't really know now
I wanna understand Maybe I will never be
Who I was before
Maybe I don't know her anymore
Maybe who I am today
Ain't so far from yesterday
Can I find a way to be
Every part of me
Yeah I don't wanna wait too long
To find out where I'm meant to belong
I've always wanted to be where I am today
But I never thought I'd feel this way Maybe I will never be

Who I was before
Maybe I don't know her anymore
Maybe who I am today
Ain't so far from yesterday
Can I find a way to be
Every part of meEvery part of me
