Banana Ripple

Junior Boys

If you stay real low some things will never go
They'll leave a mark on your hands
It gets so hard to keep myself from moving on
Let's stand taller than sands
If you don't really want it
If you don't really care
If you don't really want it
Then why here are you here?
Hey you, it's a cry out in the over there
That's the way you'll get hurt
You come in twitch
'Cause you're living with your secret fraud
There's a spot on your shirt
If you don't really want it
If you don't really care
If you don't really want it
Don't come, you never ask at all
If you could go back, bet you wouldn't wanna see
Comfort is in your past, it's better not to know
So trust me as if it really matters
Why you lost it, sense of it all
And if you picking
Who you're gonna have to lose along
Who's to say how you get through the weary days
If there's nothing to see
Still watching the same things since we were young
Often bright as it seems
If you don't really want it
If you don't really care
If you don't really want it
Just to try some, we gotta lose it all
If you could go back, bet you wouldn't wanna see
Comfort is in your past, it's better not to know
So trust me as if it really matters
Why you lost it, a sense of it all
If you don't want it
If you don't want it
If you don't want it
If you could go back, I bet you wouldn't wanna see

Comfort is in your past, well it's better not to know
So trust me as if it really matters
Now that you lost it, a sense of it all
Oh you lost it, sense of it all
Yeah, you lost it, sense of it all
And you'll never see me
And you'll never see me
And you'll never see me
And you'll not see me go
And you'll never see me
And you'll never see me
And you'll never see me
No, you'll not see me go
And you'll never see me

And you'll never see me
And you'll never see me
And you'll not see me go
And you'll never see me
And you'll never see me
And you'll never see me
No, you'll never see me go
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me go
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me go
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never

No, you'll never see me go
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me go
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me go
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never, no, you'll never
No, you'll never see me go
