Safe (Original Album Version)

Jason and deMarco

"Safe"
Jason and deMarco

(Females voice)
Hi, may I help you?
(Jason)
Weâ€™re here to pick up Jacob.
(Females voice)
Weâ€™ve been expecting you. One moment
(Jason)
Thank you.
(Females voice)
Jacob, itâ€™s time to go.
(Jason)
No need to run now.
I found a new place.
Here in your arms
I know I am safe.
The past will not haunt you.
Itâ€™s so far away.
For once in my life
I know I am safe.
(deMarco)
No need to cry now.
Weâ€™ve dried them all away.
When Iâ€™m with you
I know that I am okay.
The warmth of your smile
No one could replace
I look in your eyes
And I know Iâ€™m okay

Ooh ooh
Thank you for loving me
Ooh ooh
Thank you for loving me

(deMarco)
Somewhere along the way

I found you
(Jason)
Somewhere along the way
I found you

Ooh ooh
Thank you for loving me
Ooh ooh
Thank you for loving me (2x)
Here in your arms I feel safe.
