

Louder Than Words

Greenwheel

Can you hear me, not so loud a whisper
It seems as though it fades away
Before you hear what I have to say
Words cant offer you agreementTheyre injustice to the songs
You sing undermining your best intentions
Silence speaks louder than words
Sometimes but not everybody listensIt be known to all whod only shut their mouth
Can you hear me now that I am screaming?
I cant tell a difference made
With that blank stare on your faceHow do I explain, what I am feeling?
Just open up the cage today
Its a small price to payAlthough there may be indiscretion
Remind yourself to play along
Block out your repetition and remind yourself
Whos in the wrong with you
