# Fairytale

## Pezz

I never thought the day would put a twist on what we thought was true
I smile out loud just because of the way you make me feel the way you do
Sprawled across my floor I wish that you would never have to leave my door
But if the world held a grudge against you I'd hold a grudge against the world
I wear my soul upon my sleeve
I wear my sole upon my feet
She said "I'll make you believe in what you see, I'll make you believe in what you can't"
I gotta find my elf her little wings
so she can fly above and sing
I don't know what I know but I know I want you to be with me
I see us walking hand in hand on the shore
I see us walking I want more
But if the world held a grudge against you I'd hold a grudge against the world
I wear my soul upon my sleeve
I wear my sole upon my feet
She said "I'll make you believe in what you see, I'll make you believe in what you can't"
The sun is coming up
Everyday I feel the same and I feel as though things will never, ever, ever change
