

Ring of Fire

Eric Burdon & The Animals

Love is a burnin' thing
And it makes a fiery ring
Bound by wild desire
I fell into your ring of fire I fell into that burnin' ring of fire
I went down, down, down
And the flames got higher
And it burns, burns, burns
That ring of fire, the ring of fire The taste of love is sweet
When souls like ours meet
I fell for you like a little child
Oh, and the flames got wild I fell into that burnin' ring of fire
I went down, down, down
And the flames, they got higher
And it burns, burns, burns
That ring of fire, the ring of fire I fell into that burnin' ring of fire
I went down, down, down
And the flames, they got higher
And it burns, burns, burns
Ring of fire, the ring of fire Well I fell into that burnin' ring of fire
I went down, down, down
And the flames, they got higher
And it burns, burns, burns
That ring of fire, that ring of fire Well burn, let me burn in your ring of fire
Look out, baby, and the flames get higher
And higher and higher, yeah
Let me burn in your ring of fire
God knows I'm burnin', baby The fire that burns is the fire that learns
Oh, burnin' right now, baby
Burnin' up in the ring of fire, yeah
Well, I'm burnin', baby
Said, "I'm burnin', baby" And the flames get higher
And the flames get higher
And the flames get higher
