

I'll Get Even With You

Foreigner

You gave it to me real low
You gave me such a low blow
You caught me with my guard down
You floored me in the first round You gave it to me real low
You gave me such a low blow
You hit me on the blind side
You took me for a big ride But I won't let it get to me
I couldn't go through all that
No, I won't let it get to me
I'll try and hold it all back And get even with you
I'll get even with you
Yea, I'll get even with you
You get what's comin' to you You gave it to me real low
You gave me such a low blow
You kick a man when he's down
You kick him when he's on the ground
Yea, yea You gave it to me real low
You gave me such a low blow
You got me in a tailspin
You really tried to do me in But I won't let it get to me
I couldn't go through all that
No, I won't let it get to me
I'll try and hold it all back But I'll get even with you
I'll get even with you
Yea, I'll get even with you
You get what's comin' to you I'll get even with you
I'll get even with you
Wait an' see
I'll get even with you
I'll get even with you
(I'll get even with you)
I'll get even with you
I'll get even with you
I'll get even with you
You get what's comin' to you
