

Anticipation of Death

Ncrodeath

A holy army arrived under the sacred crosses and tears of innocents didn't stop their thirst
Accursed witch was the unreal accusation victims of the church
Murder in the name of your god
Condemned to death by the saint inquisition tortured raped and killed
They are the goals of the ecclesiastical reign victims of the church
Murder...
Virgin immolated to the altar of Jesus Christ under a stained cross of death
Suppressed eyes by the inquisitor's heavy law victims of the church
Witches, witches IN NOMINE PATRI ET FILIUS I kill you!!
This is: anticipation of death
A holy army...
Murder...
