

# Kentucky Girl

## Frontier Folk Nebraska

(David Lee Murphy)  
Underneath the big blue moon  
    Everything looks lonely  
Even that sweet smile upon your face  
    Leavin' past tobacco rows  
    Down that ole dirt road  
Can't remember when I felt this way  
    What did you do  
    Kentucky girl  
You got me wantin' more  
    Than I wanted to  
    What did you do  
    Kentucky girl  
I knew we'd have to say goodbye  
    And here we are together  
    Takin' one last look before I go  
When I saw those big brown eyes

My heart said forever  
Never heard it talk like this before  
    What did you do  
    Kentucky girl  
You got me wantin' more  
    Than I wanted to  
    What did you do  
    Kentucky girl  
    Well if I go away  
    And leave you behind  
When I come back someday  
    Would you still be mine  
    What did you do  
    Kentucky girl  
You got me wantin' more  
    Than I wanted to  
    What did you do  
    Kentucky girl
