

# Ride It (Remix) (Ft Kidd Skilly)

Jay Sean

(Let me feel you)It's been about a month and twenty days  
And were going 'round and 'round playing silly games  
Now your saying, slow it down, not right now  
Then you wink at me and walk awayNow, let it be, let it be, let it be known  
Hold on, don't go  
Touching and teasing me, telling me no  
But this time I need to feel you(Ride it) we are all alone  
(Ride it) just loose control  
(Ride it, ride it) come touch my soul  
(Ride it, ride it) baby let me feel you  
(Ride it) turn the lights down low  
(Ride it) from head to toe  
(Ride it, ride it) touch my soul  
(Ride it, ride it) let me feel youMoVida was the club on Saturday  
Your acting like a diva saying you don't wanna pay  
It's gotta be your feisty style  
Raised that brow  
I love it when you look at me that way  
Now when you order a Mohita at the bar  
Reapplying lippy 'cause it came off from the glass  
The DJ plays your favorite song  
Kanyes on  
Now your backing in from me to dance  
Mm, pulling me, pulling me, pulling me close  
You close your eyes girl  
Whispering, telling me we gotta go  
Won't you take me home I wanna(Ride it) we are all alone  
(Ride it) just loose control  
(Ride it, ride it) come touch my soul  
(Ride it, ride it) baby let me feel you  
(Ride it) turn the lights down low  
(Ride it) from head to toe  
(Ride it, ride it) touch my soul  
(Ride it, ride it) let me feel youEverything was right until her phone began to ring  
She takes it to the corner, that's when I start wondering  
I can hear her shouting, banging her fist against the door  
Yelling "Yo, it's over, I can't take it anymore"  
Then I walk away, and acting I want to go chill  
I ain't trying to get caught up in a mess for real

But she came around and backed me up against the wall  
She said I know you heard, but I'll make you forget it all  
Baby let me feel you (Ride it) we are all alone  
(Ride it) just loose control  
(Ride it, ride it) come touch my soul  
(Ride it, ride it) baby let me feel you  
(Ride it) turn the lights down low  
(Ride it) from head to toe  
(Ride it, ride it) touch my soul  
(Ride it, ride it) let me feel you
