[E.M.B.-Chorus:]
So you bad bois say you wan play (wan play)
In the project hallways
Me nerves bad, bum bum the ganja
Religious man, Bad Boi Rasta.
So you bad bois say you wan play (wan play)
In the project hallways
Me nerves bad, bum bum the ganja
Religious man, Bad Boi Rasta.

[E.M.B.-Verse 1:]
Arygiâ€™s not the type to just fall back
Got the phone call from the boss, Luca Brausey his ball cap
Heâ€™s on his Mafioso, Luciano paint a picture, Picasso
Put sleepy hollows, Spanish papi that Vato.
Life is like a chess game, after life, Ouija Board
Used to running errands for the boss, but whoâ€™s keeping score
Boards in the attic show horrors of the people I tortured
withholding info, water board Arygiâ€™s right hand.
Started off petty thief, moved to extortion
Boss saw his value, welcome to enforcement
Thatâ€™s how I met him we handled a couple jobs
Been tight for a couple years, we on it I swear to God.
He started branching out, and Iâ€™m happy for him
Boss sees him as a threat, he aint standing for it.
I started mourning to me he already dead
Cause the boss mean what he said
And I wont bite the hand that fed boy

[E.M.B.-Chorus:]
So you bad bois say you wan play (wan play)
In the project hallways

Me nerves bad, bum bum the ganja
Religious man, Bad Boi Rasta.
So you bad bois say you wan play (wan play)
In the project hallways
Me nerves bad, bum bum the ganja
Religious man, Bad Boi Rasta.

[Aryginal-Verse 2:]
Through the grapevine I heard that
Rome chief want me murdered
And he selected el to come and plant me in this earth, shit they cant tell it on the surface
But Iâ€™m on to them
Jimmy johns bringing that chrome and that funeral home to them before they can blink
Throw loyalty down the sink
Rome chief is a backstabber, all I ever did was help his empire grow
In 5 months acquired 9 blocks, grew his business by 10 million, shit Arygi ran the entire show.
I was taking all of the risks, it was my face in the trap
Ran the most profitable crew if youâ€™re following stats
We never snitched, never stole, or did harm to you black
Never met a real nigga who had a problem with that.
But its cool chief got a chick that he be tricking on
Heâ€™s got this weird fetish when they get it on
She said he likes for her to handcuff and blind fold him while she gives him dome
And we been cool since we were knee high, next time she gone grip the chrome.
As for el, I got a little insurance
My goons kidnapping his children
Its about to get serious.
And he wont see them till his crews dead at his own hands
And when thatâ€™s done, heâ€™ll get one in his head, leave him for dead

[Aryginal-Dialogue:]
Guy 2: Yo El just pulled up
Aryginal: O word?
Guy 2: Word.
Aryginal: He getting out of his car now?
Guy 2: Right now!
Aryginal: Let me get my shit. (gun cocks) Tighten this little nigga up thinking weâ€™re just goneâ€™ mufuckinâ€™
Nigga must think Iâ€™m fuckinâ€™ stupid!

[E.M.B.-Chorus:]
So you bad bois say you wan play (wan play)
In the project hallways
Me nerves bad, bum bum the ganja
Religious man, Bad Boi Rasta.
So you bad bois say you wan play (wan play)

In the project hallways
Me nerves bad, bum bum the ganja
Religious man, Bad Boi Rasta.
