

# Highway 85

## Migos

Advisory - the following lyrics contain explicit language:

Take it back to the north side  
Migo N.W.A nigga Woke up quick at about noon  
just thought that I had to be on the north soon  
Hop in my Beamer to see my moms  
my mom started trippin' 'bout my stinkin' ass bombs  
Stopped at the gas station, get it pumped by the bums  
See some niggas that ain't like where I came from  
I grabbed my Glock then I dialled one number  
Tell my brother that I'm slipping and I'm in trouble  
So the nigga I don't like made a move to the right  
I grabbed the Glock and point it at him on sight  
The nigga to the left told me put the gun down  
Bow one round, uh, its going down  
I ran out the store, I can't believe I ain't hit  
My Migos pull up with macs and sticks  
Rel hopped out and let 2 shots off  
Then I looked around the corner it's Gwinnett County law  
I rolled down the window, it's the officer  
Put his nose in my car, he say he smell the herb  
He opened up the door and asked me can he search?  
Hell naw, officer you know how much I'm worth?  
I'm worth a million High speed chase, going down 85  
Blue and white lights on the north side  
High speed chase, going down 85  
Young nigga ain't trying to see no jail time High speed chase, going down 85  
Blue and white lights on the north side  
High speed chase, going down 85  
Young nigga ain't trying to see no jail time High Speed chase going down 29  
Mama on my line sayin' I'm on Fox 5  
I said "you sure Ma?" she said "baby it's live"  
I said "Fuck twelve" turn up the alpine  
Rockin' down Boggs Road seen a punk ass busta

Got the 38 on me but this bitch kinda rusty  
Fuck it I'ma shoot it, if it's jammed then I'm running  
Bow bow bow bow crumpet must be from Oakland  
I ran through the cut, 12 chasin' me  
Smoking on gas got the best of me  
He getting so close, bout to tackle me  
I turned around and emptied the clip, get from round me  
It's fucked up, niggas in the hood they killing each other  
And most of us got single parents, only a mother  
Niggas in the kitchen whipping chickens, tryna get butter  
Police on my ass 'cause the Budniks on the Cutlass  
Police pull me over got the mac in the back  
Wait till he get up out the car and hit the gas  
High speed chase down 29  
And if I get caught I'm gettin' a lifetime  
High speed chase, going down 85  
Blue and white lights on the north side  
High speed chase, going down 85  
Young nigga ain't trying to see no jail time  
High speed chase, going down 85  
Blue and white lights on the north side  
High speed chase, going down 85  
Young nigga ain't trying to see no jail time  
Once upon a time not long ago  
Three amigos by the name of Offset Takeoff Quavo  
Stayed on the north side, that's where anything goes  
And if a nigga disrespect, he meet the funeral home  
Wake up in the morning, thank him 'cause it's me that he chose  
Migo Jerz at the bando with a fork in a bowl  
My nigga called me at the park and said it's getting too deep  
Jumped in my R8 with ostrich seats and hit the streets  
Ridin' down club drive feeling myself  
I know the block inside, I'm screaming fuck 12 sparking a spliff  
My conscious telling me You tripping Takeoff think I see 12  
Damn I shouldn't of served that nigga at the shell  
Now lemme tell you a riddle  
Mirror mirror on the wall  
what would you do if police told you pulled over your car?  
Mirror, when do you picture the Migos falling off?  
The mirror said you stupid boy, don't ask that question at all  
I see red and white blue lights as I look in my rear  
Put the gas out, it's Friday and it's smokey in here  
Fuck another high speed chase, that's when the Hemi kick in  
Forgive me for my sins, I ain't going back to the pen  
It's gon be a  
High speed chase, going down 85  
Blue and white lights on the north side  
High speed chase, going down 85  
Young nigga ain't trying to see no jail time  
High speed chase, going down 85

Blue and white lights on the north side  
High speed chase, going down 85  
Young nigga ain't trying to see no jail time
