

Extraordinary

Idina Menzel

I probably had a bit too much to drink
It's a little after midnight you are probably asleep
I bet that you're surprised to hear from meI still have your number memorized
I know it's been eight years
But I still got these butterflies
I know I might sound crazyAnd you might be married
And you might have moved on
But I have to ask before my nerve is goneCause I always wonder
If we could've have been something
Or is it all in my mind andI always wonder
Here I might have missed something
That we left behind and
Do you ever think of me
And have you wondered could we be
Something extraordinaryI still remember how you looked at me
You took me in like there was no where else you'd rather be
And you made me feel beautifulI made a lot of mistakes
I'm not a kid anymore
But I'll never forget that I couldn't be yoursCause I always wonder
If we could've have been something
Or is it all in my mind andI always wonder
Here I might have missed something
That we left behind and
Do you ever think of me
And have you wondered could we be
Something extraordinaryI never forgot the way you kiss me
I never forgot the way you touched me
And once I thought I heard you say
You love meI always wonder
If we could've have been something
Or is it all in my mind andI always wonder
Here I might have missed something
That we left behind and
I never told you
That you've been the one thing I have wanted all this time
And do you ever think of me
And have you wondered could we be
Something extraordinary
