## Onewerd

Run (13x)

Run this shit

Run Run this

Shit you know i

run (13x)

Run this shit

Run run this shit

You don't want nothing with this  
not only do i run but i lunge this shit  
smoke like i don't need lungs and shit  
spit lit like two rubbing sticks

wipe me down

betta call charmin

cuff yo chick

kiss so charming

ima make my way in marlin

hit it and she gon come back, karma

its murda betta call the corner

they ain't wanna let me in they circle so i corner  
when i'm done baby you can go put a fork in em  
don't talk money then you sound like a foreigner

in my lime light im the sun of you

any list im the one and number two

no rest room up all night check the bottom of my shoe i don't walk i..

Run (8x) i got em

Run (4x) you know i

Run run this shit

Run (8x) i got em

Run (4x) you know i

Run run this shit

I say what i want no censored  
paper getting real long like a center  
to the money soon as i enter  
we know you aint gettin paid interns

being fly as a preset

everything on froze, reset

you can't fuck with me

you just sell a bit

so many hoes, mothafucker i could sell a bitch  
sick fever, right inside da hits sweep the beat like Tila  
member when i used to work on scales like libras  
rap now but im still duckin the zebras  
you cant ever pass me  
go and just face it  
ridin that beat like a motherfucka base hit  
i dont give a fuck who you run with  
i know they know who (run this shit)  
Run (8x) i got em  
Run (4x) you know i run this shit  
run run this shit  
Run (8x) i got em  
Run (4x) you know i run this shit  
Run run this shit
