How Long

Lifehouse

Climb on top of all you despise
It's a better view from the lies
Two steps behind before I've begun
Time stops to tell me all I could have doneSo, how long 'til the world will be completed?
How many times will history repeat it?
How long will it take, how long, how long?
I want to go, will you show me the way?I'd rather be wrong than be deceived
To thinking that I have believe
That I can stand to be here on my ownThere's too many questions that we won't ask
In hopes that this too will pass
But how far down do we have to go before we know it?How long 'til the world will be completed?
How many times will history repeat it?
How long will it take, how long, how long?
I want to go, will you show me the way?How long 'til the world will be completed?
How many times will history repeat it?
How long will it take, how long, how long?
I want to go, will you show me the way?How long, how long, how long will it take, how long?
How long, how long?
I want to go, will you show me the way?
How long, how long, how long will it take?How long 'til the world could be completed?
How many times will history repeat it?
How long 'til the words fall to the pages?
How many times 'til all we can say is save us?
