Gun Do Da Talkin' (Amended Version)

Lil Wyte

Chorus x2]
I'm a' blast on a hater
and worry bout it later,got heatas in my hand
Masked up like Darth VaderI don't wanna rap
i let my guns do the talkini don't wanna rap
i let my guns do the talkin[verse 1 - lil wyte]
now i don't tote around
or even talk to you chumps
i eat,sleep,get high
and even walk with this pump
you cross me wrong one time
one times to many
i got about a thousand rounds
and ill pop off plenty,and i know youngstas in the hood
that will pop for penny's
so fo a hundred bones you'll wash up
on that banks of the sippi.
and they virginity they ain't been takin
but they take what shorty life
now he on his way upstate
they gave a shorty life
thats what i mean when i say
we'll worry bout it later
he didnt think he just went out
and blasted at him a hata.life's too short to not be out here
chasin that papa. that's why I'm out here
masked up in all black like Darth VaderChorus x2]
I'm a' blast on a hater
and worry bout it later,got heatas in my hand
Masked up like Darth VaderI don't wanna rap
i let my guns do the talkini don't wanna rap
i let my guns do the talkin[verse 2 - lil wyte]
now if you see me in the streets
don't think i wont do sometin crazy
walk up with this 380 put it right to ya baby
i got kids and i know that could be the worse thing i could do
if anyone takes some beef that far there really meanin business foo.so just cooperate and don't make a sudden move
one wrong word could leave some bullets up in you

im so gangsta bitch don't even get me twisted,you got past do bills and your brain could get evicted
and we don't fuck around in the gritty grimy great city of Memphis
we known for three thangs barbecues, good music and pimpin
if you make your way down here
make sure your strapped when you out walkin cuz
we don't rap around out here
we let our pistols do the talkin...yeaaaaaaaaChorus x2]
I'm a' blast on a hater
and worry bout it later,got heatas in my hand
Masked up like Darth VaderI don't wanna rap
i let my guns do the talkini don't wanna rap
i let my guns do the talkin
