

Magic Moon (DA dA dA dA dA!)

Peter Frampton

Do you read your horoscope?
Ooh, does it help you cope?
Are you into that? Do you chew the fat?
Laugh and pinch the salt
Don't it's all your fault Magic moon, change this tide of gloom
Read my hand, how long must I stand?
See the sea like it used to be
No more gas to burn, now my wheels don't turn around Those tarot cards we play
Ooh, put them all away
Angry witches brew, what they do to you
Well, black cat crawls away
Laugh, it's just a stray Magic moon, change this tide of gloom
Hold my hand, how long must I stand?
Clean the sea like it used to be
No more gas to burn, now my wheels don't turn
