

# Back 2 Life

## LeToya Lockett

Maybe I'm supposed to lie  
Maybe I'm not too good  
I think about how it'll get better  
Maybe I'm supposed to break down  
Or will it a fake how  
You're making me feel to me whenever  
Somehow I thought I could build with you  
I thought it was real with you  
Doubted myself now  
I don't really know  
I told myself that every day Maybe we'll survive  
Maybe it's a lie  
To keep on love alive  
But I know you want to ride  
So I gotta carry Back to life...  
Back to life...  
Back to reality

Back to life...I love you even though you're not good for me I remember when we started in your new thing  
Got your curve aside bitches like a loose chain  
I made you a new flame  
I been around a witch  
Don't you remember when I told you I was stayed down  
Not going back 'cause but maybe I need break now  
Before I break down  
Worked so hard  
It's so hard  
Baby to let it fall apart  
Fall apart  
So I gotta get  
Back to life...  
(back to reality)  
Back to life...  
Back to reality  
Back to life...

(back to reality)I love you even though you're not good for me Now I just gotta get back baby  
Away now, away now  
You ain't living the lie that you playing  
All of that shit is a game  
I'mma just work through the pain

And get back to my lifeLately  
You don't get it  
I can't get you off my mind  
And you can have them other bitches  
Cause I'm not the jealous type  
I used to think it was me  
But it's your own insecurities  
You know that I love you crazy  
Thing is you think  
I'll never leave  
So I gotta get back to life  
Back to reality  
So I gotta get back to life  
Come back to me  
Back to life  
Back to reality  
Back  
Back to life  
Back to reality  
I love you even though you're not good for meBack to life  
Back to reality
