

Don't Leave Me Lonely

Amos Lee

Amos Lee - Don't Leave Me Lonely

I've been walkin around the big city
Thinkin' bout headin' back to the south
Feelin' lost and abandoned
Wonderin' if I'm ever gonna figure it out

Don't leave me lonely
Please don't say goodnight
Don't leave me lonely
Until I see that morning light

People round here they see me smile now
but deep down I'm holdin' blue oh
It's been going on a while now
and I don't know what else to do

Don't leave me lonely
Please don't say goodnight
Don't leave me lonely
Until I see that morning light (Play it now)

There's a little boy sittin in the jailhouse
nobody there to take him home
If you could see in that far away stare now
you can see he's lived a lifetime of being alone

Don't leave me lonely
Please don't say goodnight
Don't leave me lonely
Until I see that morning light
Until I see that morning light
Until I see that morning light (yeah)

Don't Leave me (x7)
(sugar sugar)
Don't Leave me (x4)
Until I see that morning light
