

Lillies

The Union

My heart has a hole
Tried my best to cover up
Only way i know how
Sometimes even that aint enough So draw me a line
Make a move somehow
Take me for a ride
Through lillies in the summertime Cuz Ill write you a song
Even send you flowers
I just need to know whats going on
To pass these lonely hours So draw me a line
Make a move somehow
Take me for a ride
Through lillies in the summertime Come screw with my mind
Waste all my time
Lets you play me for a fool
Lets you break every rule Solo slide So draw me a line
Make a move somehow
Take me for a ride
Through lillies in the summertime Come draw me a line
Make a move somehow
Take me or a ride
Through lillies in the summertime Ohhh in the summertime In the summertime
