

# A Good Day To Run

[Darryl Worley](#)

I'm tired of working every day for a dollar  
About to choke on my own blue collar  
This ain't gonna last, misled by the grand illusion  
I've come to this conclusion  
I can't make the move too fast It was written in the sky today by the morning sun  
It sure looks like a good day to run Wide open down a two-lane highway  
It's about time that some things went my way  
Throwing troubles out to the wind and  
I'm praying that they never catch up again  
I'm gonna say my worrying days are done  
And this looks like a good day to run My baby's been working as a cashier  
She didn't get a vacation this past year but now it won't be long  
We don't need no destination  
Just a tank of gas and a good clear station playing our favorite song There're some places that we ain't been,  
some things that we ain't done  
And it sure looks like a good day to run Wide open down a two-lane highway  
It's about time that some things went my way  
Throwing troubles out to the wind and  
I'm praying that they never catch up again  
I'm gonna say my worrying days are done  
And this looks like a good day to run Yeah, I'm gonna say my worrying days are done  
This looks like a good day to run, good day to run  
Good day to run, we got a good, good day
