

Welcome to the Daiso

[Chixdigg](#)

You think I need a better reason for moving away?
I said I never leaved you, I went there today
It wasn't for me 'till you showed me around
I'm stoked by the new back massager I found new
If this is high consuming to mewelcome to the (Daiso) [x4]no one believes when i tell what i see
for two dollars you can get good quality
I fill up my cart like the rest of the crowd
you need to spend thirty bucks before you are allowed,
credit on the debit machine.welcome to the (Daiso) [x4]
