

Forever For Tonight

Blessid Union Of Souls

Could I be with you alone?
I'm not sure where this will go
'Cause we don't have the time we need
Just enough to make us bleed 'Cause I'll be leaving soon
It's hard to say when I'll return
And I don't want to lead you on
So if you feel the need
Close your eyes and share this dream
It will be eternity Forever for tonight
I will be there to hold you through the night
Forever for tonight
I will love you forever for tonight
Forever for tonight As I look into your eyes
Feelings much too strong for us not to try
And if by chance we lose this fight
Darling, we still have tonight So when I'm far away
I will always be with you
You will never be alone
So if you feel the need
Take my hand, and share this night
It will be eternity See, I've been broken down by empty promises
Like a sky without a star
And I've been having doubts that I could feel again
But I believe that I'm in love
