

# Girlfight

## Brooke Valentine

Boy stop  
Its about to be a girl fight  
She really know  
Brook Valentine  
Uh huh uh huh  
Big Boi  
A Lil Jon!  
Its about to be a what!  
Girl fight !

[Chorus]  
We bought to throw dem blows  
We bought to swang dem thangs  
We bought to throw dem blows  
We bought to swang dem thangs  
It's about to be a what, girl fight!

There she goes talkin' her mess  
All around town  
Making me stress  
I need to get this off my chest  
And if her friend want some then she'll be next  
It really ain't that complicated  
Ya'll walking 'round looking all frustrated  
Want some plates come on let's make it  
Actin real hard but I know ya'll fakin'

[Repeat x2]  
I wasn't really the one who startin' this  
Really don't know why you're talkin' shit  
You're about to catch one right in your lip  
It's about to be a what, girl fight!

[Chorus]  
We're on our way to the neighborhood  
The reason why we comin' is understood  
Me and my girls  
We're down the ride  
Steppin' your hair's pulled up and your girls outside

Don't be tryna call your cousin on me  
Don't forget that I got some wit me  
Bout to go real far bout to swang dem thangs  
Bout to el elbows all in your grain

I wasn't really the one who startin' this  
Really don't know why you're talkin' shit  
You're about to catch one right in your lip  
It's about to be a what, girl fight!

[Chorus]

Oh snap these bitches they act like cats  
In the middle of the dance floor now they're preparing to scrap  
They're takin' out their scrunchies and they're pullin' off their press-ons  
The one on the right is the girlfriend (What)  
And the one on the left is the other woman  
Someone please call the security these girls too purty  
To get down to the nitty titty  
I mean the nitty gritty  
I mean her titties pretty  
I'm trippin' bein' silly willy man

[Chorus: x2]

We bout to throw dem blows  
We right outside your door  
Now they ain't talkin' mess no more  
Don't ack like you don't know  
We right outside your door  
Now they ain't talkin' mess no more

It's about to be a, girl fight
