

Perfect Dream

Steve Roach

Looking around
Wondering what this is for
Sure it's fine but i don't think i need this anymore
I took down my self appearance
And i found the definate clearance
I'm getting bored
inspiration is drained
Till i see your face is boredom
beside me...

:Chorus:

Feel this

Once one more to
Make sure its not a dream
I can't stand here any longer
Please don't wake me up
Your such a perfect dream
of all i ever...
Wanted at all
Bringing me down
A flow as the glass hits the floor
Shattered pieces
It's not what it used to be anymore

Rided it out on broken pieces
Tell me now what is your thesis
I need it more
To make it through the day
Till i see your face is boredom
beside me.....

:Chorus:

I never met this dream...

Reality

Once I fall inside of you
Again its so hard
To keep my mind off of you
To keep my arms off of you
So unreal
So surreal
But, You're just a dream

You're far away
Boredom will follow around me again
