

# Boomerang

JoJo Siwa

I don't really care about what they say.  
Imma come back like a boomerang  
Won't let the haters get their way  
Imma come back like a boomerang  
Oh woah oh woah oh woah  
Imma come back like a boomerang  
Oh woah oh woah oh woah  
Imma Imma Come Back They keep talking that talk  
Imma keep walking my walk  
And I won't hear a sooooooouunnd  
Yeah, they are just tryin' to see  
If they can get the best of me  
Well not this time aroooooouunndd Stuck to their phone like they're all alone  
Hide behind a screen cuz they're just so mean (yeah)  
We don't play it like that  
We don't even fight back All of their words we just brush it off  
Saying we're a fake (yeah)  
No we're not  
Tryin to throw us off track,  
But we know how to come back. I don't really care about what they say  
Imma come back like a boomerang  
Won't let the haters get their way  
Imma come back like a boomerang  
Oh whoa oh woah oh woah  
Imma come back like a boomerang  
oh whoa... oh woah oh woah  
Imma imma come back Tryin' to make me stop  
But Imma' climbing to the top  
Just look how far I have goooooonnee  
Bigger, better, faster, stronger  
Yeah see I ain't just a docker,  
Catch me if you can (hey!)  
Catch us if you can (hey!) Stuck to their phone like they're all alone  
Hide behind a screen cuz they're just so mean (yeah)  
We don't play it like that  
We don't even fight back  
All of the words we just brush it off,  
Saying we're a fake yeah.  
No we're not

Tryin to throw us off track  
But we know how to come back I don't really care about what they say  
Imma come back like a boomerang  
Won't let the haters get their way  
Ima' come back back back back (like) Tryin', tryin' to throw us off track Hey Hey Hey Hey Hey Hey  
But we know how to come back I don't really care about what they say  
Imma come back like a boomerang  
Won't let the haters get their way  
Imma come back like a boomerang Oh whoa oh woah oh woah  
Imma Imma come back  
Imma Imma come back Bigger, better, faster, stronger  
Yeah see I ain't just a talker,  
Catch me if you can (Hey!)  
Catch us if you can  
Hey!
