

Acronym Love

Riverside

There's a place where I feel you
And I know you mean more to me
Still waiting
Still holding time
There's a place where I feel you
And I know I mean more to you
Still waiting
Still holding time
3. Dna ts. Rednum or F.Raf
Follow my name
Follow my sin
Wearing my mask
Cover my fear
All of my blame
All in my place
Wearing my mask
Cover my shame
We're so far from understand
We're so far from "we can take"
