Set It Off

Thousand Foot Krutch

To all the people in the house tonite
Can ya feel it? To those who live under the street lights at night
Can ya feel it? Come on and check this out
We 'bout to set this off, here come the drums
When I let loose, I come out blazin'
I maintain mannin' all stations
Fully prepared for all situations
We blow tracks like sharpnel, with the rap skill
Shoot to kill, not for thrills, I got an iron will
That's the sound we make, no mistake keep the flow on
From town to town and state to state
Hey yo, we rock da set like an earthquake
Holdin' tight to my two-edged sword
Strapped to my knight boots
We bump tracks like F-15's the flavors mean
And chill like light when it flows through my brain stream
Ready to fit the script twice when I get nice
Equally precise, hits you open like head lice
This time around we're here to let it be known
Thousand Foot be the kings of this microphone
This time around we're hear to let it be known
Thousand Foot be the kings of this microphone now
Out to all the people in the house tonight
We're gonna keep on rockin' 'till the broad daylight
So just listen to the sounds comin' through this mic
We're gonna do this right, do this right
Now set it off, just set it off, right
Set it off, just set it off, right, come on
Set it off, we just set it off, right
Set it off, we just set off, right

(Play it for yah radio)
Fire it up like NASA
Rockin' it to y'all, ghetto blaster
You?re quick we're faster
We got the skills to out last ya
My mentality stays open and if everything's cool
I?m hopin' to leave this microphone smokin'
Hope you're ready, my whole team can rock steady

Makin' noise with my boys and watchin' out for poison
My main objective is to stand for what I believe
Maybe hear the sounds of the guillotine
We drop, hit, electrify
And to all the weak minded till the next in line
Here we made it in our accord
Ready to spawn, used to go on and on
But now we just drop bombs
This time around we're here to let it be known
Thousand Foot be the kings of this microphone
This time around we're hear to let it be known
Thousand Foot be the kings of this microphone now
Just keep on rockin' and don't stop
Keep rockin' and don't stop
Just keep on rockin' and don't stop
Keep rockin' and don't stop
Just keep on rockin' and don't stop
Keep rockin' and don't stop
Just keep on rockin' and don't stop
Keep rockin' and don't stop
